

# Avoca Colts Boys

## 2014-2015 Season Review:

- ✓ Continued with 90 minute Sunday training with all age groups together.
- ✓ Averaging about 55 boys
- ? Separate Coaching structure for U8s, U10s, U12s, U14s, U16s but not possible every week due to varying attendance (and skill levels) in youngest and oldest age groups.
- ✓ But improved Skills Development of Boys during season very evident.
- ✓ U10 - 2-3 very strong players who if coached correctly could potentially play first team hockey
- ✓ U12 was not a very large group with on average 8 turning up each week.
- ✓ Majority of U14 and U16 moving on to men's next year.

## Points to note:

- Coaching and unification of "Avoca" approach and values. Meeting for all coaches in 2015?
- Clarification on division of boys by age or school year needed.

## Closing Weeks:

Final thanks go to:

- Coaches and Team Managers.
- To those parents who cheered from the side-lines at matches and blitzes.
- Mark Cullen for providing us with great coaches every Sunday.

## Next Season:

I have taken over from Thomas McMullan for 2015-2016

Coaches will meet before training begins to organise next season.
